

## Academic/Career & Technical Related/Demonstration Lesson Plan

Instructor Jon Hall

Date \_\_\_\_\_

Program/Class MGC Srs.

Period \_\_\_\_\_

### State Indicator/Competency:

Identify career options

### Instructional Objective(s):

1. The student will be able to identify 4 career/job possibilities on the website indeed.com that are in Portage County.
2. The student will be able to determine the distance from their home to each job site and identify a possible transportation option.

### Materials:

Web access is necessary for this assignment

### Method of Instruction:

Group instruction on what is required to complete this assignment will be provided along with individual instruction as needed.

### Activities:

1. The student will use the indeed.com website to identify four job opportunities in Portage County.
2. The student will determine the distance to the job from their home and identify a possible transportation option for each job possibility.
3. For each employment possibility the student will need to turn in the following information:
  - a. Name of person, company or business and a brief job description
  - b. Address of the job and distance from your home
  - c. How will you get there?

### Closure:

1. Consider the possibilities that are out there in Portage County.
2. Consider what is required to get you to these job sites.

### Assessment:

2.5 points for each completed job possibility.

## MGC Senior Blizzard Bag #2

### Instructions to complete Blizzard Bag #2.

The student will go online to the [indeed.com](https://www.indeed.com) website. At this site the student will locate 4 possible jobs in Portage County. For each job possibility the student will find the distance in miles from their home to the job site. For each job site the student will identify a possible transportation option.

For each employment possibility the student will need to turn in the following information.

- A. Name of person, company or business and a brief job description.
- B. Address of the job site and the distance from your home.
- C. How will you get there?

It is important to start thinking about transportation to work and the distance between home and work.

You will have two weeks from the first school day after school was called off to turn in this assignment.
