

# JOHNSON - JUNIOR LAB - OFF-SITE LEARNING PACKET DAY 6

Instructor Robert Johnson

Date Day 6

Program/Class IT Juniors

Period

3/31 - Go to vbtutor.net 2010 and do lesson 12 Functions

[https://www.vbtutor.net/vb2010/vb2010\\_Lesson12.html](https://www.vbtutor.net/vb2010/vb2010_Lesson12.html)

Create the Future Value app (12.2) based off of the lesson and add the following:

Functions for the Future\_Value

Menu Strip:

File | Calculate | Exit

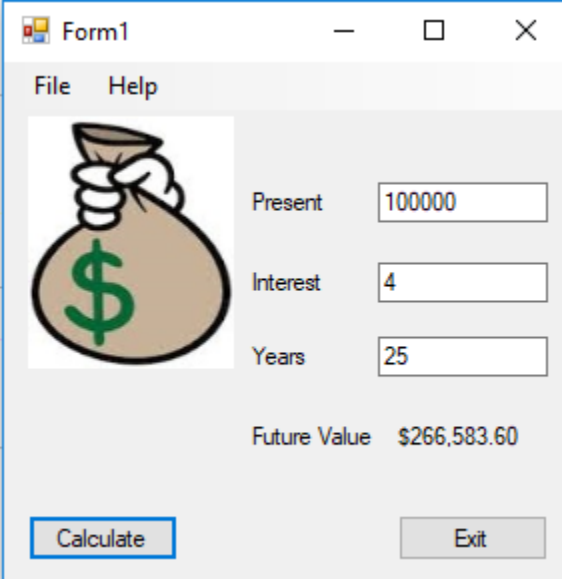

Help | About

Picture Box – Picture of money

About Form – Who programmed the app?

Splash Screen- What is the app?

Calculate, Exit Button

The screenshot shows a Windows application window titled "Form1" with standard minimize, maximize, and close buttons. The application has a menu strip with "File" and "Help" menus. On the left side, there is a picture box containing a cartoon illustration of a brown money bag with a green dollar sign. To the right of the picture box, there are three input fields: "Present" with the value "100000", "Interest" with the value "4", and "Years" with the value "25". Below these fields, the "Future Value" is displayed as "\$266,583.60". At the bottom of the window, there are two buttons: "Calculate" and "Exit".
