I have been looking for a job that offers good \_\_\_\_\_ such as health care and paid vacations. I also would like to find a \_\_\_\_\_ job, where I could work at least 40 hours a week. At my last job, before any taxes were taken out of my paycheck, my \_\_\_\_\_ was \$1,200 week. For my new job, after all deductions are made I would like my \_\_\_\_\_ to be over \$1,000. Unfortunately, the only jobs I can find now are \_\_\_\_\_ jobs; most of these jobs are offering less than 20 hours of work a week. Nonetheless, many of these jobs do occasionally offer \_\_\_\_\_, if you are willing to work more than 8 hours in one day.
