

Wilfong-Senior Lab-Off-Site Learning Packet Day 9- Small Group Lesson Planning

Using the provided senior lesson planning sheet. Plan a complete week Tuesday through Friday for Small Group. Use the following criteria planning for your current group of preschoolers to come up with DAP activities.

Theme: Bugs & Insects

Tuesday- Math

Wednesday- Science

Thursday- Art

Friday- English/Language Arts

Be sure to include step by step directions which could be followed exactly how you would implement them by a substitute teacher. Document your resources, materials needed and your matching standard statement. Also include your motivation, two-part objectives and evaluations.

Reminders, your evaluation is a question to ask either yourself or the students to see if the goal was accomplished. The two-part objective states the materials being provided to the students and a goal for what extent you wish them to demonstrate the skill. (Given ten letters, the child will identify seven or more correctly.)

Once filled in go back and proofread for correct capitalization, punctuation, spelling, and grammar. Check that the action stated in your standard statement is actually witnessed in your activity.

Ohio Early Learning Standard Statements may be found here:
